

PERSONAL SHOPPING

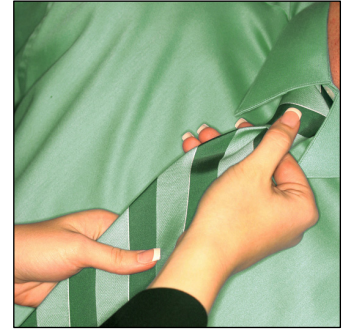

Do you spend hours shopping but come home empty-handed?

Do you dislike shopping because you don't know what looks best on you?

Do you buy clothes based on the label, the latest trends, or the advice of a salesperson?

An F3 Consultant will accompany you on your next shopping expedition so you can 'shop smart'. You will have your own personal stylist to direct you to the appropriate stores and areas that are most suitable for your individual style and that carry clothing or shoes in your size.

Every purchase you make will be fully assessed before you buy to ensure that it ideally suits your body type, colour preferences and unique requirements so you will not return home with any potential wardrobe mistakes.

We can help you with:

- Purchasing clothing for maximum mixing and matching
- Where to purchase small or large sizes of clothing and shoes
- Finding clothing and accessories in your price range
- Where to buy, rent or purchase a tuxedo
- Finding a tailor
- Where to buy fabric for custom tailoring clothing
